Kentucky Underground Protection Service, Inc.
DBA Kentucky811
Membership Agreement

This agreement, made this ____ day of _____, _____, by and between Kentucky 811, a Kentucky Not-For-Profit Corporation and the state designated notification center for all 811 locate requests, with its principal offices in Louisville, Kentucky, hereinafter referred to as the “Corporation”, and _____, with its principal office at _____, _____ hereinafter referred to as “Member” in the grade of:

Voting (Owns Underground Plant)

WHEREAS, Member may have underground facilities needing the protection offered by Corporation, and therefore wishes to become a Member of the Corporation.

Member does hereby agree to support the purposes for which Kentucky 811 was formed, namely to operate a statewide, one-call system to receive notification prior to any activity which may damage underground facilities, and to relay the notification to the Corporation’s members in order to reduce dig-in damages, periods of utility service disruptions, and the risk of injury to excavators and the public.

The Member shall be obligated to pay fees. The fees shall be based upon a fee schedule adopted by the Board of Directors of the Corporation, and may be changed from time to time, as necessary, in accordance with the Corporation’s By-Laws. It shall be the

obligation of the Member to submit in writing to the Corporation or its designated assignee, all necessary data as to the geographical area for which they wish to be notified of underground locate requests.

The agreement shall be considered to be in full force and effect from the date first above written into perpetuity and shall be considered binding union of the successors and assigns of the Member herein stated. Termination of this agreement must be done in writing and requires thirty (30) days advance notice.

Kentucky 811 is part of the design process for large, future projects around the state of Kentucky. Kentucky 811 offers a web-based design tool that allows engineers working on these future projects the ability to determine what member utilities have infrastructure in the area where these projects could take place. The web-based design tool utilizes our Member Service Area Database to provide the design engineers with contact information for the member utilities in the proposed project area. In the area below, please provide the contact information for the individual or department in your organization you want to have listed in the design tool application.

Kentucky 811 also offers a Design Ticket which is a notification requesting location information regarding buried utilities made to Kentucky 811 in preparation for bidding, preconstruction engineering, or other advance-planning efforts. A Design Ticket may not be used for excavation purposes. Kentucky 811 members are required to respond to Design Tickets within ten (10) full working days of receipt. Response to the person making the notice includes, but is not limited to, providing prints, maps, drawings, on-site markings, and other facility records of existing utility facilities.

By default, Design Tickets will be delivered to the main destination specified on the “Kentucky 811 Ticket Destination” form. If you would prefer Design Tickets be delivered to a different destination, such as your Engineering Department, please complete and return this form.

Electronic Positive Response (EPR) is a feature that provides a communication link between the utility owner/operator and the persons who have submitted utility location requests. Positive Response is used to advise the status of the locate request. This system efficiently enhances the overall process and reduces the need for additional notices.

Once a member receives a locate request, they will provide a status code via a ticket management upload or manual entry.

Excavators and the staff at Kentucky 811 can view the status of locate request(s).

There are two different options for providing positive response information Kentucky 811. Please select a method below:

- Upload process (typically reserved for members who use ticket management systems)
- Manual Entry (If selected, please fill out the section below.)
